

CAPELLA™

MARIGOT BAY

RESORT AND MARINA
SAINT LUCIA

Long recognized as one of the Caribbean’s most secure anchoring spots, Marigot Bay provides protection to ships during the roughest of seas. The bay is known as a “hurricane hole” due to its location on the west side of the island, where it is surrounded by mountains and experiences minimal tidal changes.

Affording convenient access to the Caribbean, Capella Marina at Marigot Bay is a favorite starting and drop off point for yacht charters due to the large-scale marina and convenient, direct flights to and from both the United States and the United Kingdom.

MOORING BUOYS

- 20 Mooring Buoys in the Inner Part of Marigot Bay
- Maximum Weight Capacity of 70 Tons
- Each Can Accommodate Up to 3 Yachts Depending on Size & Weight
